Presenter Bios

Megan Brooks, CPC, Children's Support Worker, Oneida County Human Services

Megan is one of two Children's Services Support workers in Oneida County. She is a Certified Parent Coach and works one-on-one with parents and coordinates court-ordered supervised visitation/family interaction. Megan has worked with the county for 9 years and held her current role since June of 2020. Her favorite part of her job is working closely with the families and children alongside the social workers and watching them succeed. In her work, the goal is reunification.

Colin Cash, Co-founder of Sober Squad, Enrolled member of Mille Lacs Band of Ojibwe

Colin is a person in long-term recovery with a special passion for advocating, educating, and spreading the word about recovery to Native American communities. He is the co-founder of Sober Squad, an organization that supports individuals in recovery and promotes healthy communities. Colin's passion to bring recovery to his tribal community in northern Minnesota has grown with his service work impacting much of Minnesota and beyond.

Lizzie Hovis, MD, Assistant Professor of Psychiatry, The Medical College of Wisconsin & Staff Psychiatrist, The Periscope Project

Lizzie Maxwell Hovis is an Assistant Professor of Psychiatry at the Medical College of Wisconsin where she specializes in Perinatal Mental Health and Emergency Psychiatry. Her academic interests include substance use disorders in pregnant populations as well as understanding how bias influences the assessment and management of patients. Dr. Hovis completed medical school at the University of Wisconsin School of Medicine and Public Health, residency at the University of Pittsburgh Medical Center and a fellowship in Consultation-Liaison Psychiatry at the Medical College of Wisconsin. In addition to her clinical roles, Dr. Hovis is a staff psychiatrist with The Periscope Project, a physician access program aiming to increase access to quality care for pregnant or postpartum individuals struggling with mental health concerns

Erika Kleinschmidt, CPS, Peer Support Coordinator, Oneida County Human Services

Erika is the Peer Support Coordinator for Oneida County Human Services, working with Oneida County since 2021. Previously she served as an AmeriCorps Recovery Coach from 2021- August 2024 and began her current role in September 2024. Erika supervise the AmeriCorps Recovery Coaches and works with youth involved with Social Services. Recovery Coaches work with social services involved adults and adults in the community needing extra support to help them reach their goals. Erika notes that when children are involved, the coaches provide child and parental support to reach sobriety/recovery goals and decrease social service contact. This provides the option to re-unify families and allow the family to thrive. As a peer support to youth, she peer-to-peer work with teens on supervision, decreasing law enforcement and social service involvement and encouraging overall wellness. Kleinschmidt holds her Substance Abuse Counseling Degree and is a Certified Recovery Coach, and Certified Peer Support Specialist. She shares that she enjoys enjoy working with individuals on a peer-to-peer basis and loves watching them thrive into who they view as successful.

Dillon Ksionek, BS, Wood County Criminal Justice Coordinator

Dillon grew up in rural Wood County, graduated from Lincoln High School, and graduated from UWSP with a bachelor's degree in 2014. After graduating he began his criminal justice career as a case manager with Portage County Human Services, working with individuals as they completed alternative to revocation and re-entry programming on behalf of the Department of Community Corrections. In 2021 he took a position with Wood County Human Services as their Jail Discharge Case Manager. In 2025 he transitioned into his current role with Wood County as the Criminal Justice Coordinator. Dillon has over 10 years of experience working directly with individuals who are justice system involved and connecting them to resources in the greater Central Wisconsin area. In his current role he has gotten more involved at a systemic level and has been looking at further programming that could assist that populations and provide more opportunities for treatment.

Andrew Schreier, ICS, CSAC, LPC, ICGC-I/Clinical Coordinator, Wisconsin Community Medical Services & New Life Resources, Inc.

Andrew is an Independent Clinical Supervisor, Clinical Substance Abuse Counselor, and Licensed Professional Counselor. He is currently the Clinical Coordinator for Wisconsin at Community Medical Services that provides medication-assisted treatment for individuals with opioid use disorder. Mr. Schreier also works at New Life Resources, Inc. that provides individual counseling/therapy, children and adolescent services, couples/marital counseling, step/blended families, group therapy, addiction counseling, psychological testing, and consultation. In over seventeen years of counseling experience, he has worked in group home, halfway house, residential, medication-assisted treatment, and outpatient treatment settings. Mr. Schreier is the host of "Talking Addiction & Recovery Podcast."
